

SPONSORSHIP PROPOSAL

hackdata3.0 </>

HackData

is a confluence of programmers, developers, designers and innovators to **design and build** a solution that tackles real-life problems.

The aim is to allow participants to channel their **creativity** and **problem solving abilities** under the **constraints of time.**

HackData in the past...

Hackdata 2.0 was successfully organized on 11th and 12th February 2018 at Shiv Nadar University, Greater Noida.

There was an overwhelming response from teams with over 250 people from 100+ teams making up the applications.
