About

Django Girls is an initiative that is aiming to introduce women (preferably) who never code before to the world of technology and increase the diversity. We're going to organise an one-day workshop and invite girls from all over Gujarat to join us and learn how to build the internet using HTML, CSS, Python and Django.

Target

100 attendees preferably women who never programmed before or even a beginner in python/django but are motivated to get into field

Date & place

Full day 27th August 2016 at CIIE, IIM Ahmedabad

Supporters

We already have some awesome coaches, Ready to teach! Searching for sponsors

SUPPORT US!

We're looking for kind souls and organizations that are supporting the goal of bringing more women into technology to help us.

With every sponsor, we can bring more and more attendees from developing countries to come to Django Girls to learn about programming. Your money will go towards their travel financial aids, resources like books to help them grow and learn or some little things to make their first contact with code a great experience.

SUPPORT US!

You can help us in three ways:

20000 ₹	10000 ₹	5000 ₹
- company logo on website	- company logo on website	- company logo on website
- company branding at workshop	- company branding at workshop	
- send e-mail to attendees	- send e-mail to attendees	
- **5-minutes Lightning Talk**		

but remember that even the smallest contributions are important 😊

Thanks! ♥
